About Our Speakers

Dr. Natalie Wong

DDS, Cert. Prostho, FRCD(C), DABP, DABOI, DAO

Founder of the Toronto Implant Institute and an internationally recognized implant educator. Board-certified prosthodontist and Past President of the American Academy of Implant Dentistry, the first woman and first Canadian to hold the role.

Dr. Gilbert Ng

PhD, DMD, FICOI, DAO

Calgary implant surgeon and educator, Diplomate of the Academy of Osseointegration and Fellow of the ICOI. His practice covers the full scope of implant surgery, from sinus and ridge augmentation to full-arch rehabilitation.

Learning Objectives

1. Plan cases from CBCT: assess bone volume and set prosthetically driven implant position.
2. Design flaps, prepare osteotomies and place implants with ideal 3D position and primary stability.
3. Choose graft materials and membranes, and perform socket preservation and guided bone regeneration.
4. Understand when and how to perform crestal and lateral-window sinus augmentation.
5. Manage soft tissue and suturing, and decide when immediate placement is appropriate.
6. Prevent and manage complications, and hand cases off cleanly to the restoring dentist.

Surgical Experiences, Tailored to You

Open to licensed dentists at every level. Every participant is guaranteed 2 live surgical experiences, with patients provided and matched to your experience. Case mix depends on patient availability.

If You're New to Implants

- Case evaluation, planning and execution
- Extraction and ridge management
- Guided and freehand implant placement
- Minor simultaneous grafting of small defects
- Soft tissue management

If You're Already Placing

- Immediate placement and provisionalization
- GBR for horizontal and vertical ridge defects
- Crestal and lateral-window sinus augmentation
- Anterior maxilla and esthetic-zone cases

Course Format

Each weekend, Friday to Sunday · 21 CE hours per weekend

DAY 1 · PLAN

Seminar, CBCT case planning, hands-on model work and review of your assigned patients.

DAY 2 · HANDS-ON

Implant placement and grafting on surgical models and pig jaws, plus live faculty demonstration cases.

DAY 3 · LIVE SURGERY

Supervised live patient surgery, post-op protocols, case debrief and restorative handoff.

Course Location

CEP Calgary
7136 11 St NE #205
Calgary, AB T2E 8X3

Course Fee

$7,500 + GST

Deposit to register: $250 + GST

CE Credits

42 hours · AGD Subject Code 690
Eligible toward CDSA continuing competence requirements

Payment & cancellation: Balance is charged in two equal payments, January 6 and February 19, 2027. Cancel by email to info@ti2inc.com on or before January 8, 2027; approved refunds carry a $50 admin fee. No refunds after January 8.

Dentists from outside Alberta: To treat patients, you must join the CDSA Courtesy Register before the course. Apply directly to CDSA by email at Registration@cdsab.ca, using the Courtesy Register application at cdsab.ca. We'll send you a checklist of the required documents when you register. Start early: some documents take weeks to obtain.
